COMMERCIALS ADDRESSED BY STANLEY COOK

Secretary of Montreal Board of Trade

VITAL ORGANIZATION

Speaker Outlines the Motives of the Board

"The Doings and Objectives of the Board of Trade" was the subject which J. Stanley Cook, Secretary of the Montreal Board of Trade, explained so fully last evening, in the Union to the Commercial Society. The Society was very fortunate to obtain Mr. Cook as the chief speaker of the evening. At this time of year such men are very busy, but as Mr. Cook has always taken a great interest in the Commercial Society he gladly consented.

Mr. Cook went on to explain that the Board of Trade was first organized in France during the Sixteenth Century. At that ancient date these early merchants and business men realised its worth as a public asset. These organizations soon spread to various countries in Europe, and are now in practically every large city throughout the civilized world.

The Montreal Board of Trade, which was formed one hundred years ago, has always endeavoured to look after local, provincial and Dominion welfare. Such matters as Daylight Saving received its first support from the Board. It also has done much to bring about the Georgian Bay Canal Co-operation with the U.S.A. improvement of St. Lawrence Waterways, trade with West Indies and such local affairs as the housing question and tramways.

To illustrate the Dominion interest taken by the Montreal Board, Mr. Cook explained that a short time ago it brought over from England some very prominent public men, and took them on a tour over the whole Dominion to let them see the great opportunities offered to ambitious immigrants.

Another important business of this organization was to keep statistics of various kinds, for example the Board could let one know the address and status of a prominent man in Montreal or in any city even on the other side of the globe or any matter pertaining to tariffs in any obscure part of the world. The fact that any business man can obtain such information of this kind shows for itself the work that this Board of Trade is carrying on.

Just before closing Mr. Cook made a few remarks on the vital importance of Commerce, and he thought that no man could pursue any higher calling than that of a successful business man, since civilization largely depends now on trade and commerce.

After Mr. Cook had gladly answered any question Grimson moved a vote of thanks, which was seconded by Munn.

Just before the eats were served Eason moved that a banquet be held immediately after the Mid-term exams. This was seconded by "Les" Buzzell, and passed unanimously. The meeting broke up with the McGill Yell.

ARTS-LAW DEBATE ON NEXT TUESDAY

Question of Govt Ownership to be Settled.

"Resolved, that the present system of railways in Canada should be abolished" is the subject of a debate to be held between Arts and Law next Tuesday at 8 p.m. in the Union.

There is increased interest in the debates as they move on to the finals. The debates have received good support from all departments and some splendid speaking has been heard.

The subject is an interesting one. Moreover, the debate will decide whether Arts or Law are the better speakers and debaters.

The Arts team will be made up of G. H. Penrose, J. C. Everett and H. Wells. The Law team comprises V. Barre, S. D. Pierce and H. O'Hagan.

Those who have kindly consented to judge the debate are Dean Laing, Hon. A. K. Hugesen and W. H. Biggar. The chairman will be Bert Tremaine.

CESSATION OF PUBLICATION

The McGill Daily will be published for the last time tomorrow until after the New Year, when it will reappear with the opening of lectures on the fourth of January. Accordingly, any organizations about college which may wish to give notice of activities during this interim will be advised to communicate such to the Daily office before nine-thirty this evening.

GLEE CLUB CONCERT AT THE R.V.C.

Many Splendid Selections
Rendered

FIRST OF YEAR

Miss Anderson, Soprano,
Delighted Audience

The University Glee Club's two months of hard practice was last night crowned with success at the first concert of the year held in the Convocation Hall of the Royal Victoria College. The club and its director, Mr. Harold Eustace Key, deserves the very highest praise for such a performance the excellence of which could only be properly appreciated by those fortunate enough to be able to attend. There was a considerable audience, Sir Arthur Currie and Dr. H. C. Perrin being amongst those present.

All the pieces rendered greatly delighted the audience and many encore were demanded. Miss Muriel Anderson, the club's soprano, was given an especially hearty ovation, her charming personality and delightful voice captivating all.

The evening opened with "Hail Alma Mater," the audience joining in it the second verse. The harmonious rendition of the good old song at once made a most favourable impression.

Two part songs were then sung by the club, "Who Rides for the King" and "I Would I Were a Glow Worm," each being accorded hearty applause.

Edwin Sherrard and L. M. Hovey, accompanied by R. A. Moore, next offered "Opus 71," a suite for two violins and piano. Sherrard's playing is well known in Montreal and Hovey's also merits the highest praise.

Two more part songs were then rendered by the entire club and were followed by "Now Sleeps the Crimson Petal." This melody was most skillfully executed by Miss Anderson, whose clear soprano voice charmed everyone. At the conclusion of this piece the singer was presented with a Drum, which interpreted this Eng- lish handsome bouquet of flowers.

(Continued on Page Two)

TOM MOORE WILL ADDRESS STUDENTS

Speaks to Canadian Club on Monday.

Opposites will meet. The student who represents intellectual Canada will hear Tom Moore, who stands for the worker. Mr. Moore will speak to the students of McGill University through the Canadian Club on Monday, December 18, in the R.V.C. Convocation Hall at 5 p.m. He is president of the Trades and Labor Congress of Canada. That means he is the spokesman for hundreds of thousands of Canadian workmen. He is going to tell McGill something about this great class of people. Student and worker must understand each other more completely. Canada's future largely lies in sympathetic co-operation between labor and the professions.

Mr. Moore is also a director of the Canadian National Railways. He has recently returned from the Geneva economic conference, and altogether he has something to say of concern to every student.

SKI TEAM TO ATTEND LAKE PLACID MEET

Successful Meeting in Union
Yesterday

PLANS OUTLINED

Preparation Made for Coming Season

Despite the synopical strains of music which floated across the hall from the Union Cafeteria, the McGill Ski and Snowshoe Club held its most successful meeting for some time past yesterday afternoon in the Cloak Room of the Union. Although the powers of concentration of some of the members were axed to the utmost, many questions vital to the interest of the club were brought up and satisfactorily settled.

Ogilvy Leslie, the President, in opening the meeting, stated that the regular president was unavoidably absent, and appointed D. Anderson to temporarily take his place.

Leslie called for volunteers from those present for a week-end trip to St. Sauveur. Although it would entail a small expense he hoped that all who could possibly go would hand their names to the Secretary pro tem at the close of the meeting.

The question of the price of membership badges invoked a lively discussion. "Hammy" Smith suggested that although the constitution of the Club definitely stated that there should be no membership fees, a means of replenishing the funds of the association might be found in charging a slightly larger sum for the membership badges than that collected in former years. Owing to the great expense entailed in affiliating with the Montreal Ski Club, it was decided to keep the two bodies separate as in other cases.

It was announced by the President that no invitation had been received from the Snowbirds Club of Lake Placid to participate in a large meet to be held at Lake Placid at the end of this month. The events are to include ski-running, snowshoeing and skating, but not ski-jumping. A trophy is to be presented to the winning team by President Harding, of the U.S.A. at the termination of the meet. Although no chance had yet presented itself to broach the Athletic Association for financial assistance, it was hoped that a part, at least, of the expenses of those making the trip could be shouldered by the Club. Hope was held out that a grant of money might be received from the Lake Placid Club itself.

Under the circumstances the team representing McGill could necessarily not be chosen by elimination and anyone present who was able to make the trip was almost certain to be given a place on the team.

Announcement was also given to the effect that the date of the Dartmouth meet here has been changed from the first week in March to the middle of February. The jumping and cross-country

(Continued on Page 3.)

DAILY WEEK ENDS WITHIN TWO DAYS

Much Work Remains to be Accomplished

There are only two days remaining before the completion of the Daily Week campaign, and there is much work yet to be done if the object wished for is to be attained. The increased amount of space taken by the advertisements in the paper is evidence of the success of the drive so far but it will take the combined efforts of all the undergraduates if the Students' Council is to be placed in a secure position for the rest of the session.

The part of the work that has been most successful so far has been that of getting all the students to fill out the forms supplied by the business department of the paper. Hundreds of them have been turned in already, and it is expected that practically every man and woman in the university will have supplied the necessary details before the end of the week. The signature at the end of the form is simply taken as an evidence of good faith on the part of the person turning it in and will not be

THE GLEE CLUB

The concert put on by the Glee Club last night at the Royal Victoria College was a decided success, both from the point of view of those who took an active part in the performance and from that of those who were there to witness the efforts of those presenting the programme. The Glee Club has a definite place at college; in some of the universities to the south of the line such organizations make regular tours of the country in the vicinity of their college and by that means add considerably to their reputation as well as to their funds; competitions are held for the selection of managers, who have the completion of the arrangements; large and enthusiastic audiences greet the performances. It is not too much to hope that in time these conditions will prevail at McGill. Appreciation of the type of music provided by the Glee Club is a tribute to any university, and their efforts to introduce the higher quality of music at McGill, while not in any way a disparagement of the popular music at present in such demand, is worthy of the highest commendation.

WANTED: DISCUSSION

Clubs devoted to the interests of discussion about the University are numerous, and each of them in its way serves its purpose. There is a great danger, however, of the activities of each resulting in a stifling rather than a promotion of that form of discourse which it is their object to foster. This comes about due to the pronounced tendency on the part of those who have entrusted to them the selection of topics for debate to lean toward the choice of subjects requiring extensive preparation and not admitting of extemporaneous treatment. The evil is two-fold in its consequences: in the first place it discourages participation in matters of debate, the amount of study and research expected being anything but inviting to the average undergraduate; secondly, it restricts discussion when such should wax most keen—at the conclusion of the papers delivered—which are of a length to weary the listener, rather than to acquaint him with the broad principles at issue which ought to be their aim—there is a stillness, after a few moments shattered by a query hurled at the speaker's head by one of the audience, followed, in all probability, by another along the same line of attack. The discussion is far too apt to take the shape of questioning, most likely because of the inability of those in attendance to pursue the mode of reasoning adopted by the speaker, who has confined his remarks to the imparting of detailed information instead of the statements of generality which would be more comprehensible to his listeners.

Lengthy dissertations in student gatherings, called for the benefit of those desiring to bring about discussion, ought to be discouraged. In their place should be substituted a system of group leadership; a short, pertinent speech possible of interruption; a means by which a subject would be fully treated, certainly, but not solely according to the views of one individual; truly one might, and should, be delegated to give special attention to an inquiry into the facts so as to be equipped to solve difficulties that might arise in connection with these latter. The merits of the discussion should be judged, not by the time taken for the reading of the paper, nor yet by the validity of the sentiments expressed therein, but rather, they should stand or fall upon the number who have been induced to enter into an active consideration of the problems mooted.

GLEE CLUB CONCERT AT THE R. V. C.

(Continued from Page 1.)

The next item was a chorus "Drake's Irish superstition to the letter. It was followed by a trio "Concerto in D Minor" by Sherrard, Hovey and Moore. The allegro of this piece received a particularly large applause.

The club then offered three folk song selections: "Over the Sea to Skye," "John Peel" and "The Keys of Heaven." These well known old songs delighted the listeners and were encored several times.

Miss Anderson then sang another melody entitled "The Piper of Love." The clear tones of the lute were mimicked in the voice of the singer and completely won her listeners.

Mr. Key then said a few words to the audience. He thanked those present for attending and stated the aim of the club—to render high class music in an attractive way. No one who was present last night could feel other than this aim had been fulfilled.

"Loch Lomond" was then rendered and the concert closed with "God Save the King."

INTEND TO FOUND THEATRICAL CLUB

A preliminary meeting of students interested in amateur theatricals took place in the Union yesterday, and it is the intention to found a Theatrical Club in the near future. Help has been volunteered from various sources and it is hoped that a real start will shortly be made. Those formulating the plans of this new organization trust that it will receive support from students interested in the drama.

DAILY WEEK ENDS WITHIN TWO DAYS

(Continued from Page 1.)

used by the advertising department in any way whatsoever.

The meeting of the Students' Council which is being held in the Union this afternoon will get the returns from the drive up to that time and will be able to tell pretty well just how far the activities of the Society may be carried during the remainder of the session. If they were to be placed in the same position as last year it would have been necessary for the present week to have made a difference of about three thousand dollars in the amount of funds they have at their disposal, and that object is far from being attained at the present time.

It is hoped by the men in charge of the drive that the effects of the efforts in the early part of the week will show more to-day and to-morrow and the ties of the Society may be carried during the remainder of the college year. A cursory survey of the coupons which have been turned in so far reveals the fact that by far the greater part of the student trade is being given to the merchants who patronize the paper and the propaganda carried on among the students has resulted in the percentage increasing very much, so that it is expected that all the money expended by the undergraduates will be directed insofar as possible towards the people who are helping the student activities along.

NOTICES

STUDENTS' COUNCIL MEETING.

All of the newly elected members of the Students' Council are asked to attend the meeting which will take place at 5 o'clock this afternoon in the Union. The meeting will serve to introduce the new members to the Council and several important matters are slated for discussion.

MASONS ATTENTION!

A meeting of all Freemasons in the University will be held in Strathcona Hall, Room B, on Tuesday, Dec. 19, at 8 p.m. Committee will report progress made.

ARTS '23 HOCKEY.

There will be a practice on the Campus Rink this afternoon, from 4 to 5. The following men are asked to turn out: Johnson, Cantlie, Allan, Amaron, Duval, Hutchison, Crak, Egerton, Anderson and MacLean.

There will be a meeting of the Returned Men's Association in the Music Room of the Union to-day, at 5 p.m. The disposal of the funds of the association will be discussed.

MEDICAL HOCKEY.

All students of the Medical Faculty staying in town over the holidays and who wish to play hockey, please sign up on list in New Medical Building. A team will be entered from Medicine in the holiday Inter-Faculty League.

ANNUAL PICTURES AND PROOFS

The following report has been issued by the Photograph Editor of the 1924 Annual concerning the Junior pictures, and the return of proofs: Royal Victoria College, all pictures taken and all proofs returned. Faculty of Arts, one picture not taken, five proofs to be returned. Faculty of Law, all taken, 8 proofs not returned. Faculty of Applied Science, all taken, 13 proofs to be returned. Faculty of Dentistry, all taken, one proof not yet submitted. School of Commerce, all taken, four proofs not returned. Faculty of Medicine has been neglected, 29 Juniors not having been taken, and 46 proofs not yet returned. Any Juniors who have not already been taken, may, as a special privilege, go to Notman's any evening this week between 5 and 6 p.m. This is absolutely the last chance to be included in the Annual.

CARTOONS FOR ANNUAL.

The following is a revised list of headings to be published in the 1924 Annual, both humorous and serious: Arts, Arts Juniors, Commerce, Commerce Juniors, Medicine, Medicine Juniors, Science, Science Juniors, Law, Law Juniors, Dentistry, Dentistry Juniors R.V.C., R.V.C. Juniors, Music, Theology, M.S.P.E., Student Organizations, McGill Daily, Athletics, Mock Parliament, Fraternities, and "The End."

Although a number of the above designs have been promised, several still remain to be done, and it will be noticed that additional designs have been called for in the last few days. Those willing to undertake the design of one or more of the above headings, are urged to see the Art Editor, P. R. Wilson, Architectural Dept., Engineering Bldg., before starting work, and as soon as possible. One copy of the 1924 Annual will be awarded to every artist whose work appears in the publication.

SWIMMING & WATER POLO.

There will be a Swimming and polo practice this afternoon at 5.15 p.m. All members of the Senior Polo team are requested to turn out on the play-off (if there is one) will likely take place the earlier part of next week.

MACCABEAN MEETING.

The next meeting of the Maccabean Circle will be held in the Oak Room of the Windsor Hotel on Sunday, Dec. 17, at 2.30 p.m. Rabbi Meritt, of the Temple Emanuel-EI, will be the speaker of the afternoon, and will deliver an address entitled, "A Jewish Programme for Tranquility."

As usual, there will also be a musical item on the programme. All interested are cordially invited. The meeting will begin on time.

MARITIMERS.

The Executive of the Maritime Club is taking up the matter of making arrangements for sleeping car reservation for Maritimers going home at Christmas.

If a sufficient number signify their intention of leaving on any particular train a whole car may be reserved, therefore it is important that this information should be received as early as possible.

For this purpose, a form is posted on the Bulletin Board in the Union, calling for the necessary information. All Maritimers who intend going home for Christmas are therefore asked to sign their names as soon as possible. R.V.C. students may leave their names with Miss D. Teed.

FRESH-SOPH. BASKETBALL.

The Second Year Commerce-Second Year Science, Friday, Dec. 15, at 6 p.m. in Molson Hall. See Friday's Daily for complete schedule.

INTERMEDIATE AND JUNIOR "B" BASKETBALL.

The following men are asked to turn out to-night at Molson Hall at 5 o'clock: Davis, Sanznan, Cummings, Shritzler, Altner, Granik, Woodhouse, Quacken-

bush, Rapp, Starke, MacDonald, Connor, Ferguson, Norton, Butler, Milne, Neel, Burland, Buston, Heney, Bright and Grimson.

CLASS HOCKEY.

Rink is available for practice. Hours should be used or class will lose privileges.

SCIENCE '26.

Meeting of Science '26 on Friday afternoon at 5 p.m., in Room 33.

ANNUAL BOARD MEETING.

The 1924 Annual Board will meet in the Union to-day, at 5.15 p.m. Full attendance is requested.

SCIENCE '25.

The following men will please report promptly at 6 p.m. to-day in Molson Hall for a game with Comm. '24: Burland, Gross, Mace, Pigot, H. James, Dingman, Merritt, Pitt. Anyone unable to report will please communicate with the representative.

FORSH-SOPH. BASKETBALL.

The second game in this league will take place to-night at 6 p.m. between second year Commerce and second year Science in Molson Hall. Both teams must report promptly.

The schedule until Christmas follows: Dec. 15—Second year Com. vs. Second year Science, Molson Hall.

Dec. 18—First year Med. vs. First year Dent., Molson Hall.

Dec. 19—Second year Med. vs. Second year Dent., High School.

Dec. 20—First year Arts vs. First year Com. Molson Hall.

The management of the league greatly desires any men, who are competent, to offer themselves as referees in this league. There must be several reliable referees or the league cannot survive. Offers will be gratefully received by the following men: Gilpin Com. '24; Breithaupt, Com. '25; Norton, Sci. '25.

TRACK TEAM.

The Students' Council will tender a dinner to the Championship Track team, at the Union, on Tuesday, December 19, at 7 p.m.

The following men are invited to be present:

R. L. Hamilton, D. B. oss, J. C. Hay, M. Gaboury, R. Henry, P. Gross, W. R. Kennedy, K. W. G. Patterson, R. E. Legg, E. R. Alexander, G. H. Craik, W. H. Code, I. G. Cassils, W. V. Faith, J. W. Jardine, J. Walker, F. Consiglio, E. B. Fry, E. C. Amaron, E. O. Freedman, J. D. Darling, R. M. Tait, R. H. Wiggins, J. R. Stephens, N. Egerton.

COMM. '24 HOCKEY.

There will be a practice of the Comm. '24 hockey players between 12 and 1 o'clock to-day on the Campus. Everyone who can skate at all, is asked to be out.

WESLEYAN CONCERT.

There will be a concert given under the auspices of the Wesleyan Theological Society in Fairmount Methodist Church to-night at 8 p.m. The proceeds of the concert will be used to send students to the National Conference to be held in Toronto after Christmas. Those who attend will be assured of an evening's enjoyment. Admission 35c. An attractive programme is assured.

ARTS '24 BASEBALL.

The following Arts '24 men are requested to turn out at 6 p.m. to-day to play baseball with Comm. '24, at the Baron Byng School: ayehw, C. Webster, Brownstein, Blumenstein, Fotos, Bethel, Sessenwein, Cope and Stone.

DENTISTRY BASEBALL.

There will be an indoor baseball practice for Dentistry Faculty from 1 to 2 at Molson Hall.

SCIENCE '26 HOCKEY.

There will be a hockey practice of Sci. '26 on the Campus Rink, to-night, from 5-6.

SCIENCE '23.

Hockey practices on Campus Rink Saturday, 2-3; Monday, 5-6. Everyone must be physically examined before playing. Bring your own outfits.

INTERMEDIATE "A" BASKETBALL.

There will be a practice for this team to-night at 6 o'clock at the High School Gym.

MED. '24 HOCKEY PRACTICE.

Med. '24 will hold a hockey practice on Campus Rink, to-day, at 5.45 p.m. Everyone who intends to come out is

STUDENT SERVICE IN STRATHCONA

H. Wells, Arts '23, to Preach Sermon Sunday

The second University church service of the session will be held in Strathcona Hall on Sunday commencing at 11 o'clock in the morning. Owing to the fact that the Boxing, Wrestling and Fencing Club are using the ring in the ball room of the Union on both Saturday and Monday nights, the service will be held in Strathcona Hall and not in the Union as has been the custom at previous services. The service is to be arranged and conducted entirely by students this Sunday and those in charge are hoping for the largest attendance ever recorded at a University service.

In accord with the arrangements for an all-student service, Hubert Wells, of Arts '23, will deliver the sermon and Miss Zerada Slack will read the lesson.

A student orchestra will be present to furnish the musical part of the service and accompany the choir in the hymns.

The University services have come to be pleasantly anticipated by the church-goers of the university and it is their sincere hope that this series will be continued.

The aim of those in charge is to provide the students of McGill with one central service held for the students and by the students so that each one may feel that he or she has an active part in the service.

asked to be there in order to have a full practice. All men must be physically examined before going on ice.

DENT. '25.

Dent. '25 hockey practice 2-3 p.m.

SCIENCE '26 NOTICE.

Notice is hereby given that at a class meeting held in Room 37, on Dec. 8th, it was decided that notice of every class meeting would be announced in the Daily one day before the meeting, and that 33 per cent of the class would constitute a quorum at such a meeting. Also that those who have not paid the class tax must do so before Tuesday, December 19. Those who do not pay will have their names published in the "Daily," so that their class mates may see how they support the class.

McGILL MANDOLIN CLUB.

A short business meeting of the Club is called for this afternoon at 5 o'clock, in the Lounge Room of the Union. All members are asked to be present and a complete discussion will take place regarding a proposed trip for the coming Christmas holidays.

R.V.C.A.A. EXECUTIVE.

There will be an Executive meeting to-day, at 1 p.m., in the Common Room.

R.V.C. BASKETBALL.

Will the following girls be ready to play basketball on Saturday at 12, noon in Molson Hall. Will those who are unable to come please notify the manager, Miss D. Russell.

Fourth Year—Pick, Wighton, Slack, E. D. Campbell, Johnson, Roy, Slakman, Reggatt, Russell.

Third Year—Russell, P. Murray, Pennington, Basken, MacLellan, Robertson.

Second Year—Duntion, MacWatters, Baker, Turley, Lough, Chalk, Petrie.

First Year—Allen, Hutchison, Duntion, Stocking, Walsh, Smith, Cartier.

Grads.—Spier, Godwin.

R.V.C. HOCKEY.

There will be a general hockey practice on the rink in the Hollow on Saturday from 11 to 1 o'clock. Everyone out!

R.V.C. '25.

There will be a short but important meeting in Room 2 at 1 o'clock to-day for the purpose of electing a delegate for the National Conference.

SKI AND SNOWSHOE CLUB.

Providing that there is sufficient snow on Saturday there will be a get-together ski-run starting from the Look-Out at 2.30 p.m. For further particulars see Saturday's Daily.

CLOAK ROOM.

Now that the Cloak Room has been opened, students are requested not to hang their coats elsewhere in the Union. The possible loss of a coat may be avoided by this little extra trouble.

ANNUAL WRITE-UPS

The following write-ups for the 1924 Annual have not yet been submitted to H. C. Alward, the Biography Editor, and must be handed in before December 21st.

Harrier Club, Swimming Club, Gym-

nastic Club, Ski & Snowshoe Club, Indoor Baseball, Mock Parliament, Literary and Debating Society, Musical Association, Glee Club, S.C.A., Ontario Club, Old Scouts Club, Cosmopolitan Club, Chess Club, Maccabean Circle, Physiological Society, Historical Club, Philosophical Club, Chemical Society, Mechanical Club, Radio Association, Architectural Society, B., W. & F. SCI. '23 DEFEAT ARTS '25 BASEBALL

One of Best Games Played
This Season

A fast and interesting game of baseball was played last evening between Science '23 and Arts '25 in the High School gym. The former won by a score of 14-8. The play was snappy throughout the game and gave the spectators a chance to see a real game of baseball. The Science men held the lead from the third inning and continued to do so until the end.

Science won the toss and chose the option of taking the field. The Arts aggregation started with lots of pep and by the time the first inning was finished had piled up five runs. Science returned with three and then came back with two more in the second inning, tying the score. In the third inning the Science men received four runs to the Arts one. This seemed to take all the ambition out of the latter team and from then on they were unable to compete against their hard-hitting opponents.

For Science, McNutt and Simpson worked well as a battery and at no time were in difficulty. Jackson, their first baseman, is a player of no mean ability. He received every offer in the field and excelled with some husky clouts at the bat.

The Arts team were a bit off colour to their usual form. Every man seemed to take an unconscious delight in fumbling the ball when it was thrown to him. In the fifth inning McPhail replaced Bronson, who went to catch, and held the Science men to one run. Armstrong was by far the best man on the team both on the field and at the bat. The line-up and score was as follows:

Science '23	Arts '25
Catcher	Eddy
Simpson	Third Base
Johnson	Shortstop
McCracken	Miller
Stacie	Left Field
Reid	Right Field
McPhail	Shortstop
Rapp	First Base
Jackson	Nairn
Smallhorn	Ellison
McNutt	Bronson
Arts '25	5 0 1 0 1 1—8
Science '23	3 2 4 4 0 1—14

BASKETBALL TEAM TO VISIT STATES

University of Vermont to be
Met on Saturday Evening

This Saturday the Red and White basketball team will take their first trip of the year when they visit Burlington, to meet the University of Vermont. The game is to be played on Saturday evening. It is one of the first of a series of games to be played against American colleges during the winter. The team will leave Montreal at 8.30 Saturday morning. The same squad are making the trip as played the games in the City League, which resulted in the defeat of the Y.M.C.A. and the Alerts. The squad is composed of the following players: Little, Turpel, Amaron, Manson, Crain, Blumenstein and Hilton. Manager Eadie is running the trip, and Coach Van Wagner will also accompany the team. The work of the players up to date has been good. They have played and won two games. Both teams defeated, however, were lighter and smaller, so that it is impossible to forecast the results when a team of equal calibre is met. Coach Van Wagner is developing a squad whose members, in spite of any type of opposition, are able to stick to the passing game, and they should show up well on Saturday. The University of Vermont have in the past had a powerful team. The game opens their season for this year.

MCGILL IN PLAY OFF FOR POLO TITLE

Last night the M.A.A.A. water polo team went down to defeat. The Montreal Swimming Club scored 6 points against 3 for the M.A.A.A. team in the contest. This leaves the city championship between McGill and M.S.C. The play-off for the title will be held next Thursday night at the M.A.A.A. pool and will start at 8.30 p.m. Tickets will be on sale, reserved seats 75 cents, and general admission 50 cents.

The play-off will be an event in the history of water polo. Both the clubs have powerful teams, and the game will be closely fought. Coach Vernot will undoubtedly put a team in the water that will put up a stiff fight for the honours, and play the game as it should be played.

DENTS '25 SCORE WIN OVER COMM. '25

Game Fast and Closely Contested

Dents '25 scored a win over Comm. '25 by a score of 9 to 6 in the semi-finals of the indoor baseball games at a match held yesterday afternoon at the Baron Byng School's gymnasium, in what proved to be a very exciting and closely contested match. The play started fast and kept so throughout the game, ending with even more pep than that which it commenced with. At the commencement the score ran evenly, neither team being able to take a lead. Comm. '25 was ahead at the end of the fourth inning, only to have Dents '25 even up in the last. An extra inning was necessary in which Dents '25 won by scoring three runs whereas Comm. was unable to score at all. Dents' win was due more to good team work than to the playing of any outstanding player. Sharker did well as pitcher. The hitting was on the whole superior to that of Comm. '25. Milne as pitcher and Kenerick as catcher for Comm. were a strong combination. Both these men are exceptionally good players, and had they had better backing from their team the game might have ended differently. In the first inning the play was about even, Comm. getting two runs to the one secured by their opponents, this being principally due to good pitching and catching by the Commerce team. Dents, however, secured a run in the next inning whereas Comm. was unable to score. The game, which was even at this stage, unchanged in the third inning, in which both teams scored two runs, making the score 4 all. The following inning's play was entirely in Comm. '25 favor, their gaining a lead of two runs over their opponents. Dents, however, came back in the final inning to even up. The excitement was intense and in the extra inning both teams did their utmost to win, Dents making three runs and thus winning the game.

SKI TEAM TO ATTEND LAKE PLACID MEET

(Continued from Page 1.)

eliminations trials from which the team to represent McGill are to be chosen are scheduled to take place during the week previous to this meet. Two weeks later the return meet with Dartmouth will be held at that college. For the benefit of the new men present President Leslie stated that ski attendances were given to everyone who signed a book in a box kept for the purpose in a gully on the mountain. These attendances were recognized by the Department of Physical Education as fulfilling the Physical Attendance requirements. All those making three points in an Intercollegiate Ski-meet or five in an Interfaculty Meet are entitled to the small plain "M," while those making five points at an Intercollegiate meet gain the coveted large plain "M."

Some discussion arose over the fact that short distance events have not formerly counted for skiing insignia. It was moved by D. Anderson that a resolution be presented to the Athletic Association favouring the inclusion of short distance events in the list of those events which should count towards the winning of insignia. This motion was seconded by R. Whittall and unanimously carried. It was suggested that an Interfaculty cross-country run be held in the first or second week of January, in which only those not on the Ski team should be allowed to participate. The idea met with favour, and it was urged that the members advertise this event as widely as possible.

The hearts of several eager members were gladdened by the announcement that if any more snow fell between now and Saturday and weather conditions permitted, a four or five mile ski run would be held on the mountain on Saturday.

Although the attendance was not quite as large as had been hoped for it was fairly satisfactory in view of the many counter attractions and the interest of those members who were present made up for the lack of this quality shown by the absentees.

ELEPHANTS VS. DUCKS

The duck hunter who sits frigidly in a battery, with the cold waves occasionally splashing over him and his decoys bobbing about him, is sure to feel that the British colonel who insists on having sixteen elephants to hunt a pink duck in the Indian jungle is unreasonable in his demands. It is true that the flivver has recently crept into duck hunting, just as it has into the chase of the African lion. Many a sportsman nowadays will spend the night comfortably in his home and roll down to the beach before dawn in his flivver, there to take his place behind a blind, prepared to blaze away at the unsuspecting ducks.

But even this innovation is nothing compared to the use of elephants. Not even Mr. Ringling or his brothers ever thought that they couldn't hunt ducks without elephants. To use an elephant to hunt tigers is one thing. But for hunting ducks, even if the duck's head is pink, an elephant seems a vulgar display of might.

CHRISTMAS HOCKEY LEAGUE IS FORMED

Large Enrollment for Games
in Every Faculty

The forming of the Christmas Hockey League seems to have proved itself already a remarkable successful idea. In Science fifty-three men have signed the list posted while at least two teams are certain to represent Arts. The other faculties are signed up to a number that will insure a large number of teams in the league and the Hockey Club find instead of a few games to deal with a problem quite complex in getting a suitable schedule out. There is no doubt that Gordie Stephen, who is handling the league, will be able to cope with the difficulty and the Daily will publish the schedule for the week tomorrow. The men who are interested in the club's work are advised to watch the bulletin boards after the Daily ceases publication for any late news on the activity. The men are urged to sign the lists while they have the opportunity for it will be almost impossible to get post entries onto the various teams.

FISTS, FALLS & FOILS

A lively turn-out of the pugilistic aspirants kept Molson's Hall humming last night.

Aspirants to Inter-faculty honours are busy getting hardened into condition.

Potter and Bright, of the 158-lb. class from Science fought for faculty honours.

Potter showed up well in the first round; however, Bright began working in the second and third round, and outclassed his opponent.

The decision was given to Bright.

Messrs. Ross and Adams from Arts, also entered the Arena for honours of the 125 lb. championship of their Faculty.

Adams once again demonstrated great speed, and the fans can approve that he shakes a mean gauntlet.

Adams won the decision.

The entry list for Inter-faculty eliminations to be held at a Union Smoker Saturday, Dec. 16th, is:

Boxing.	
118 lbs.—Brodie (Med.) vs. Scale (Commerce).	Wilson (Science) vs. Rapkine (Arts).
128 lbs.—Snow (Med.) vs. Lister (Science).	
135 lbs.—Armstrong (Med.) vs. Hamby (Arts).	
145 lbs.—Rankin (Med.) vs. Montgomery (Comm.).	
158 lbs.—McKinnon (Med.) vs. Bright (Comm.).	
175 lbs.—McClean (Med.) vs. Black (Science).	
Wrestling.	
125 lbs.—Galley (Comm.) vs. McEvoy (Med.).	
135 lbs.—Howes (Science) vs. Bacal (Arts).	
145 lbs.—Cotman (Comm.) vs. Ross (Science).	McNaughton (Med.) vs. McNaughton (Arts).
158 lbs.—Gilmour (Science) vs. Adams (Med.).	

Contestants will weigh in at the Union Saturday afternoon between 12.30 and 2.30.

Boxers and wrestlers competing must be on hand at 7.45 Saturday night.

Absentees will default.

Tickets for semi-finals on Saturday are 25c, for the finals on Monday night 35c. Both tickets may be procured at the Union Tuck Shop for 50c.

TWO KEEN BOUTS IN ELIMINATIONS

Adams and Bright Win Close
Decisions

Much vigor was displayed last night in the two bouts held in Molson Hall. In both bouts the fighters were pretty evenly matched and much enthusiasm was apparent when the second bout was announced as that of the championship of the Arts Faculty.

The first bout was between Bright and Potter, both 158 lbs. Much brisk fighting was displayed throughout the three rounds and when saying that Bright got the decision, it is with a great deal of praise for the fine opposition which Potter put up throughout the fight.

The second bout was fought between Adams and Ross for the Arts Faculty championship, both the boxers weighing 125 lbs. Much can be said of the gameness of Ross, who submitted to terrific punishment from his opponent and after being knocked down in the second round, rose upon the eighth count to contest the remaining round with the brisk and speedy Adams. Adams received the final decision.

THINGS TO WORRY OVER

by Psyche

With reference to the much talked of dormitories it has been definitely decided that no location has as yet been selected.

It has been questioned whether the Arts Building and its condition are any longer concern of the Reparation Committee.

A Daily headline reads: "Boxers and Wrestlers will Meet." Following along the same lines, a contest has been suggested between the weight throwers and the hurdlers.

The Mock Parliament had to be postponed on account of McGill Nite at the Allen. Consultation of the time table reveals that the McGill-Varsity game in January has been canceled as it will conflict with the Inter-faculty Semi-finals.

The Boxing Club announces that tickets for the semi-finals, Dec. 16th, are 25c, and for the finals, Dec. 18th, 35c. By application of geometric progression to this scale tickets for the Inter-collegiate on February 20th will cost \$3,004,996.

The following notice recently appeared on the campus: "There will be a meeting of the Ski and Snowshoe Club today at 5 o'clock in the Music Room." The Glee Club, it appears, will meet on the Look-Out.

As the Arts Building is no longer fit to hold lectures in it has been decided to use it as a dormitory.

The removal of the home of the Law Faculty to the top floor of the Arts Building at McGill, was done, no doubt, in the interest of higher education.

It is proposed to erect a monument in memory of the poor soul who went up to the Mount Royal Arena during last year's hockey season and waited in vain to hear some musical selections rendered by the McGill Sextette.

No, Oswald, you ought to know better than to ask who is the goal-keeper on the Winton Six.

Ajax, in reviewing Joseph Hergesheimer's "The Bright Shawl," in the Dilettante this week, showed so much interest and enthusiasm that one might say he was all wrapped up in it.

A heading in a recent issue of the Daily reads: "Debate won by Medicine." Another argument it seems, which the chiropractors will find difficult to refute.

The student body is anxiously awaiting reports as to the condition of the Freshman who, when asked why he did not support the "Daily" replied, "Why should I, it has a Staff to lean on."

Fortunately he refrained from further remarking that it was held up by its columns.

Mr. M. A. Brodeur advertises "Special Price for McGill Students." Even at that very few seem to have been sold.

CLASS HOCKEY

All men taking part in Class Hockey should note the following extracts from Dr. Lamb's letter. The first paragraph of the section headed "Health" applies to men injured requiring medical attendance when Dr. Lamb or Dr. Harvey are absent. Under "Athletic Regulations" note that "Report of Game" cards are to be turned in after the game rather than before as heretofore. The rink attendant has these cards which may be obtained from him. In regard to attendance of First and Second year men, each man should make himself personally responsible in seeing that his name is on the attendance sheet. This applies to both practices and games. In neither case will the manager be held responsible for omissions on this list.

Health

If an emergency case occurs and if Dr. Harvey or Dr. Lamb cannot be secured, the Royal Victoria or the Montreal General Hospital will accept cases for treatment. Such cases must be reported to the Department office or to Dr. Harvey at the earliest possible moment, when the requisition required by the hospital will be sent to cover the case. All ordinary cases not requiring immediate hospital treatment must be in possession of a requisition form signed by Dr. Harvey or myself; otherwise the student must bear any expense involved.

Should a student desire to consult any outside physician he is at perfect liberty to do so, but he must bear any expense involved. If a student meets with an accident and is treated by an outside physician or surgeon, he cannot resume participation in University Athletics until the University Medical Officer declares him fit. Any student rendered temporarily unfit by accident or sickness must not resume participation in athletic competition unless he is examined by the University Medical Officer and considered fit.

Medical Examinations

All students of all years in all faculties, before taking part in any type of vigorous exercise, must first, this session, be medically examined by the University Medical Officer and be in possession of an "A" or "B" category card. This applies to Inter-class or Inter-Faculty competition as well as all other types. Failure to observe this regulation means suspension from the Athletic Association and the forfeiting of athletic insignia. Examination hours, 12.30—1.30 p.m. daily except Saturday. Special hours will be arranged for any special group.

Athletic Regulations

"Report of Game" cards obtainable from the Department office or the Secretary of the A.A. giving names, initials, faculty and year of all participants, must by arrangement with the President of the Athletic Association be turned in at the office of the Department, Molson Hall, within 48 hours after the game. Failure to observe this regulation means that the game played will not count in the granting of athletic insignia.

Attendance

First and Second Year men should bear in mind that their attendance at the practices and matches of the various clubs is only good for the actual playing season of the club concerned. Exemptions are granted in special cases and where granted the student is so advised.
